

The Foot over Bridge at Dilsukhnagar is being dismantled to facilitate Metro Rail works on Sunday. The work caused a huge traffic jam on the busy road. This is the fifth of the six FoBs to be dismantled in the city for Metro Rail, the one at St Ann's School, Secunderabad, will be dismantled soon. FoBs had been removed earlier at Rasoolpura, Begumpet, Ameerpet and Khairatabad. Metro Rail managing director N.V.S Reddy said these will be replaced with 200 skywalks/FoBs as part of project. FoBs would come up on both sides of the 63 Metro Rail stations, he said.
